

Talk of the Town

Beginnings

This talkboard is *Talk of the Town*. Imagine you are a tour guide for your town and tell everyone about all the things that are special. Think about what you want to write about and how you will explain it. For example, the type of town it is, why you like it, what kind of issues are facing the town etc. If you can, take some photos next time you are in town!

Ideas for your messages

Basic information (origins of the name, where it is, nearest big town or city, population, climate, history, culture); characteristics of people in your town or region; dialect; industry, including companies and factories; festivals and other events; local specialities such as foods and crafts; famous people; issues and problems facing the town; historical sites; places of worship; new buildings; public facilities; leisure facilities; your favourite restaurants and shops (supermarkets, shopping centres, department stores etc); your favourite places to hang out etc.
