

# Talk of the Town

## Places we all use

There are lots of places in town which are for everyone to use. Write about your libraries, hospitals, fire stations, museums & galleries, public halls etc.

Do you have a public library? Do you go there much? What do you do there? Does it have anything except books?

---

Do you have a museum or gallery? What's it like and what does it exhibit? Does it have anything linked to the town?

---

Do you have a hospital? How big is it? Does it specialise in anything?

---

Do you have a police station? What's it like? Do you often see police officers in the town and around the school? What do they wear?

---

Do you have a fire station? Are there often fires in the town? What other things do fire officers help with?

---

Are there any public or community halls? Have you ever been to one? Find out what they are used for.

---
