

Welcome to My School

School Buildings & Grounds

Write about the school buildings and grounds. Try and take photographs of the bits you like best and post them on the talkboard.

When was your school built?

How many floors does it have?

What shape are the buildings? Are there any special features?

Are there any plans for new buildings?

How big are the school grounds? _____

What play equipment do you have?

What trees, shrubs and flowers do you have in the school grounds? Is there a vegetable plot - who grows things there?

Do you keep any pets at school? What are they? Where do they live and who looks after them?
