

# critics corner

This talkboard is the **critics corner**.

What kind of things are popular at your school and with you and your friends? Is there anything you'd like to keep to yourself but which is so good you have to recommend it?

Use this talkboard to write reviews of things that you are all enjoying at the moment.

## Things you could review

books, a sporting event, films, games, a concert or CD, manga,  
a favourite shop or restaurant, a television programme

My review is about:

---

Don't forget to include: the name of the thing (event), the author (or team, actor etc), a brief description of what it is. Then write about why you like it and why you are recommending it.
