

My House

The house

What kind of house do you live in? How many rooms are there? Typical rooms in Japan and the UK are really quite different. Describe your houses carefully to each other and see how many differences you can find. Photographs will help a lot!

What type of house do you live in? (Detached, terraced, flat? How many floors does it have?)

How long have you lived there? _____ years

What are the roof and house itself built from?

How many rooms are there? What are they? Explain how they are used. (There is a worksheet to help you write about the kitchen & bathroom)

What do you use to heat and cool your house?

Cooling : _____

Heating : _____
