

Exploring the seasons

Beginnings

Both Japan and the UK have four distinct seasons, but you may make some interesting discoveries if you compare climate, clothing, nature and annual events. Take a good look around you and report the changing of the seasons on the talkboards. Use lots of photos to help you.

Ideas for your messages

animals, plants, insects, mountains & valleys, rivers, the sea, lakes, the weather, temperature, rainfall, snowfall, humidity, wind, natural hazards, hours of sunlight, sunrise & sunset, clothing, events, festivals, food etc
