

# Getting Around

## Beginnings

This theme is **My Town**. There are two talkboards **Talk of the Town** and **Getting Around**. Here, on the **Getting Around** talkboard, tell everyone about transport in your town. What types of public transport do you have and how much does it cost? Write about traffic safety, rules of the road etc as well. Is there any transport that's special to your town? How do you usually get around and get to school etc?

To start off, think about types of transport where you live and make notes about things to tell people on the talkboard. Try and take photos to illustrate your messages.
