

Geffing Around

## Activity Recards 1

If you're stuck about what to write, then this list will help you. Choose a topic to write about.

The list is also a good way to keep a record of what you have done on Japan UK LIVE! Mark off topics that you have written about and topics you've learned about from other people's messages. See how many you can cross off during the theme. Make a file to keep these sheets over the year.
